## ACHIEVEMENTS

### SECURED GLOBAL RANK OF 1239 at GLOBAL CODING CHALLENGE

- Managed to solve 5 out of 8 DSA problems in the allotted time period.

### QUALIFIED FOR ROUND 2 at INNOVATE INDIA CODING CHALLENGE 2022

- Secured AIR 1400 in ROUND 1

### SOLVED 420+ DSA PROBLEMS ON GeeksforGeeks

- Currently having college rank 1 on GeeksforGeeks.

### SOLVED 150+ DSA PROBLEMS ON LEETCODE

- Current contest rating 1,631, globally in the top 18.1%.

### 5-STAR ON HACKERRANK IN PROBLEM-SOLVING AND C++

### PARTICIPATED IN Flipkart GRID 4.0 - Software Development Challenge

## PROJECTS

### RESULT ANALYZER

- Developed a scraping system to bulk fetch school wise CBSE class 12th Board result. Created subject/ stream/ gender /school topper list. Individual result can be searched by roll no. as well as full name.
- Language: **C++**

### ONLINE CHATTING SYSTEM

- Developed an online chatting software which works across different systems and allow users to create account, login, logout, change password, search and message other users, see other users profile and permanently delete account.
- The data is stored in the online MySQL server on db4free.net.
- Language: **C++, MySQL**

### IDEA VOTING SYSTEM

- Built a dynamic website using **React JS** and **Supabase** that provides a platform for users to post their ideas and receive feedback from other users through voting and suggestions. This allows for better feasibility studies, ultimately increasing the success rate of their ideas in the market.
